"Good-bye"

Marvin,

Well this really is good-bye since I'll be graduating day after tomorrow. I'll never forget all the times you tried to con me into letting Bob do something. Have fun in High School and don't forget the class of '70'.

You're a good kid don't let Bob corrupt you

Love
Kelly

Marvin, you have been a pretty good war buddy in these past few wars but I think we lost most of them anyway. Next year ~~[illegible]~~ we will be able to have large wars against the crappy freshmen and most likely win them all! But for now we will just have to suffer with the Sophmore's this last day. When football season comes around I guess I'll have to show my football ability in the field. Even though I have called you a dog during this painful but pretty good year I will never call you a dog again until you really really deserve it. But in the meanwill keep chacing those girls and maybe you'll get one.
